

Dear Friends,

Incontri was thrilled to host **Louis de Bernières** for the duration of the 2022 festival. He met and engaged with the resident artists and public, attending all the concerts, soaking up the festival atmosphere, and writing a piece of his choice.

We were rewarded by this expressive tribute, a **poem-diary** which we are pleased to share with you, our public, supporters and dear friends.

See you in July!

A special thank you to the cellist and author **Steven Isserlis**, who helped make the initial connection with Louis, sparking new, long-lasting friendships amongst us all.
