

Dear Friends,

As the holiday season approaches, we are eagerly looking ahead to the Incontri 2023 festival - our **35th season!**

For this special anniversary edition, which will run **from July 21st-28th**, our Artistic Director **Alessio Bax** has invited a host of distinguished artists, several who are new to Incontri, along with a number of dear friends.

It is a phenomenal lineup by the standards of any of the world's foremost festivals, and for one of our size, it is truly remarkable!

PARLANDO NEWS

Incontri's new author-in-residence initiative was inaugurated this year in grand style with distinguished writer **Louis de Bernières** who was with us for the whole festival attending all concerts and

engaging with both artists and our public.

We recently received his beautiful, expressive and very personal piece: a poem-diary. We look forward to sharing it with you early in the New Year.

And finally, we'd like to send our greetings for the holiday seasons and very best wishes for 2023. We hope to see you next summer!

The Incontri Team.
